SINCE 1865

Cushions

## Cushions

Create a stylish interior with the perfect finishing touch.

Cushions are a quick and easy way to add colour and pattern to a space whilst keeping a room fresh and in season. This smart range of accessories is designed and handmade in England from the latest fabric collections.

Since 1865, the Hare family has been designing, manufacturing, and distributing elegant fabrics using only the finest materials and techniques.

Now run by the fifth generation, the company still abides by its founder's principles of offering only the best in British design, quality and service.

We hope you are inspired.
