ORANGERY

CREATE BOLD NEW INTERIORS WITH A TIMELESS

CLASSIC INFLUENCE

WELCOME TO ORANGERY

In keeping with the original ethos of the Orangery, the new collection brings the outside in, blending classic floral and botanical motifs with modernised statement fabric designs and textures. The fabrics present a striking starting point to inspire schemes that echo a rich heritage of artistry and craftsmanship.

From the contemporary flair of Orange Grove and authentic 18th century echoes of Arboreal, to the decorative Wisteria Vines and sumptuous touch of Espalier velvet, this collection celebrates English style at its best.

The Orangery fabrics coordinate seamlessly with James Hare's signature colour groups. To complete the look, our classic fine fringes, playful pipings and opulent velvet braids offer a versatile array of flamboyant finishing touches.

ABOUT JAMES HARE

Since James Hare's humble beginnings in 1865, the Hare family has been designing, manufacturing and distributing elegant fabrics using only the finest materials and techniques.

An extensive range of plains in everything from pure and faux silk to linen is available in over 700 colours, along with a gorgeous array of embroideries and jacquards. Virtually all the fabrics can be paper backed to create luxurious wallcoverings, bringing intense colour and texture to an interior.

Now run by the fifth generation of the family, the company still abides by its founder's principles of offering only the best in British design, quality and service.
